

The Life Diamond

Merging doctrines and dramatically increasing the number-range has erased generalisation and speculation, as specific details and unerring accuracy take their place. You only have to compare the existing, limited number range from 0 to 9 along with a few master numbers, to one that now embraces all numbers from 0 to 99, and beyond, to realise what a tremendous benefit this will prove to be to those seeking help with finding their true Path in life.

Breaking through old barriers meant that *whole numbers* could also be utilised thereby introducing yet another, new approach as well as extending this branch of numerology further. Instead of reducing whole numbers as they are found in the birthdate to their root digits, they are retained and analysed to uncover their unique contribution to life directions thus enriching findings further. This approach is introduced in Chapter 9.

Another aspect of this branch of numerology needed modifying to bring it in line with modern times. It was the very important issue of longevity. The Pinnacles and Challenges' age cycles traditionally culminate when the fourth life cycle is reached. This is totally unrealistic as it fails to address that people born into modern times enjoy much longer life spans than those of Pythagoras' time. Consequently, a new system for extending life beyond this cycle is proposed in Chapter 12.

MAJOR DIFFERENCES BETWEEN SYSTEMS

The following table shows the salient differences occurring between the Pinnacles and Challenges and the modifications made to them to develop the Life Diamond system.

TRADITIONAL APPROACH (PINNACLES & CHALLENGES)	NEW APPROACH (LIFE DIAMOND)
Based on REDUCTION methods	Based on NON-REDUCTION methods
Therefore, CONTRIVED numbers used	Therefore, AUTHENTIC numbers used
RESTRICTED number range	UNRESTRICTED number range
Therefore, GENERALISED	Therefore, SPECIFIC
Therefore, NON-PERSONAL	Therefore, PERSONALISED
Therefore, ACCURACY DUBIOUS	Therefore, ACCURACY ASSURED
An ISOLATED SYSTEM	Incorporates MULTI - SYSTEMS
Therefore, RIGID	Therefore, FLEXIBLE
Produces one LIFE PATH No. only	Produces a LIFE PATH No. <i>FAMILY</i>
None	Introduces NEW TERMS and EXTENSIONS: Life Goal Rulers; Life Challenge Rulers and Life Diamond Rulers and Constellations
Life Cycles CEASE ROTATION once fourth cycle is reached	Life Cycles ROTATE OVER AGAIN after nine years spent at fourth life cycle
EXOTERIC	ESOTERIC
None	Utilises HIDDEN MAGICKAL SYMBOLS
PERSONALITY/MATERIAL based	SOUL/SPIRITUAL based
